Internet has made things easily accessible and our lives very easy and comfortable. It is with us 24 X 7. Internet can be our travelling guide. One can obtain satellite picture of the place one intend to visit. It can provide the map of the place also. One can get information about latest news of the place, food, weather, things to be carried, currency, places to eat,

places to live, places to see or visit and precautions to be taken. Internet can also help in academics. Students can access sources like multivolume books, encyclopedias, reference books, case study etc.

Internet has some disadvantages also. Some people can steal the personal information like bank account no., credit card no., e-mail address and misuse it. Surfing for long hours creates RSI (Repetitive Stress injury). It weakens the eyesight and disturbs bio- rhythm. Internet is a powerful tool and its appropriate use can make you earn and learn a lot but at the same time caution needs to be exercised in its use.

1. How long is internet with us?
- 2...What can one obtain from internet?
3. What information can one get about the place one intends to visit?
4. How can internet help the students?
5. What kind of personal information can one steal from the internet?
6. What is RSI?
7. Give suitable title to the passage.

**(b)** Abridge the above passage into one third of its length.
